CalPERS Retirement Contribution – Applies to All District Staff and Retirees
CalPERS separates employees into Classic (those hired prior to 1 Jan 2013 and remaining in continuous employment) and PEPRA (those hired after 1 Jan 2013). The District currently has 6 employees that are Classic members and 2 employees that are PEPRA members. For fiscal year 2017/18, district employees that are Classic PERS members pay 8% of their salary to PERS while employees that are PEPRA members pay 6.5% as their share of the retirement cost. The District contribution rate for fiscal year 2017/18 is 12.470% of salaries for Classic employees and 6.908% for PEPRA employees. The CalPERS determined employer contribution rate for fiscal year 2018/19 will be 13.084% (Classic) and 7.266% (PEPRA) and projected rate for 2019/20 will be 13.7% and 7.3% respectively. To manage promised benefit levels, the employer contribution rate, and pension debt due to changes in discount rates used and/or poor investment return years (those years that earn less that the discount rate, currently 7.375%), the District shall, when feasible, continue to make supplemental contributions to the CalPERS pension fund. The last five years District supplemental, required District, and employee contributions are as follows:

Other Post Employment Benefit (OPEB - GASB45) – Applies to all District Staff and Retirees
Each retired employee currently receives some level of medical insurance paid by the District. GASB45 required $87,198.00 be deposited into a dedicated trust fund by the District for fiscal year 2017/18. Projected future OPEB contributions, determined by actuarial analysis, are $76,964.00 for fiscal year 2018/19 and $82,666.00 for fiscal year 2019/2020. The projected contribution rates assume the District contributes an additional $225,000 to the OPEB trust fund during fiscal year 2017/18, receives a rate of return on invested trust funds of 5% per year, the general inflation rate does not exceed 2.75% per year, total salary increases do not exceed 3.25% per year, and no increases in staffing levels occur (as of the October 2017 actuarial study date the District had 8 full-time staff). The last five years contributions made to the OPEB trust fund to achieve and maintain 95% funded status with a 5% discount rate are as follows:
